## You MAY want to bring

(also available for purchase at MRO Store)

**Chums** - These sunglass retainers help keep your glasses on your head and out of the water.

**Hats** - A baseball cap or large billed hat is essential for those sunny summer days on the raft.

**Phone/Camera** - You will want to capture your adventure. You may keep your camera in your dry bag on the raft. A zip lock bag for added security is recommended. Expensive SLR's and video equipment should be in a waterproof hard case (pelican case).

**Water Bottle** - We recommend a pair of sunglasses to protect your eyes on the river. Be sure to have a good retainer to avoid your favorite pair ending up at the bottom of the river! Our storefront in Riggins sells a variety of sunglasses and Chums for your convenience.

**Beer** - Cans only! Our store has a large selection of canned beer & cocktails you can purchase before heading out to the river.

## You SHOULD Bring

**T-Shirt** - quick drying material, like Under Armour, is highly recommended. Cotton works on hotter days but if it's chilly out, you will be too!

**Swimsuits** - The summer temperatures on the river will range from 75° to 100° during the day. A swimsuit will come in handy for jumping in the river!

**Sunglasses** - We recommend a pair of sunglasses to protect your eyes on the river. Be sure to have a good retainer to avoid your favorite pair ending up at the bottom of the river!

**Shoes** - On the raft your feet will be wet most of the day. We recommend sandals or water shoes with a secure heel, like Chacos or Tevas!

**Sunscreen** - The sun will be out! Don't make a great day bad, by not protecting your skin!

**Gratuity** - Mountain River Outfitters prides itself on our outstanding crew. While tipping is not required, it is customary. Typical gratuity is 15%-20% of trip price. Your guides accept cash, Venmo, or a check made out to them directly. For multi-day trips, where several guides have contributed to your experience, your gratuity will be shared with the whole crew.
